Dear Sir,

This is to confirm our scheduled visit to the Infosys campus tomorrow, [08-04-2023], between 9:00 AM and 9:30 AM.

I will be accompanied by our UG-Principal and a group of students who have recently joined our institution. Please note that their ID cards are currently in the process of being issued, but we will bring along an affidavit as an alternative identification method.

We are looking forward to our visit and the opportunity to explore the campus and learn more about Infosys. **Also, It will be helpful if you could share the location as we understand there are multiple gates.**

Thank you for accommodating our visit, and we will see you tomorrow as scheduled.

Thanks & Regards,
Prof. Deepthi William
Asst. Professor & Placement Manager

Subject: RE: Request for an Industrial Visit to Infosys

Hi Mam,

Then please plan to be here by 9:00AM on 8th April 2023, carrying college id cards and regular college uniform.

If you have any questions then please contact me.
Thanks,
Keerthiraj

Infosys Mysore – Field Work on 08th April 2023

Campus Visit Report: Infosys – 08th April, 2023

On the 8nd of April, 2023, a remarkable opportunity unfolded for a group of students from the International School of Management Excellence (ISME). Under the proficient coordination of Ms. Deepthi William, Assistant Professor and Placement Manager at ISME, and led by the esteemed Dr. Aradhana, UG Principal, a contingent of 50 students from various undergraduate programs embarked on a transformative campus visit to Infosys.

The day commenced with a captivating campus tour, affording our students a glimpse into the splendid architecture and cutting-edge infrastructure that grace the Infosys campus. An introduction was provided by the accomplished automation and testing team, highlighting the campus's pivotal role as a training ground for new recruits. Within this self-sustained ecosystem, often referred to as a 'mini-city,' employees are offered a spectrum of amenities including a supermarket, music room, gymnasium, and recreational areas, all devoted to nurturing their well-being. Noteworthy is the comprehensive six-month training period provided to Infosys recruits, reflecting the organization's unwavering commitment to holistic skill development.

The campus tour further unveiled various significant facets, including the Software Development Block (SDB), the Special Economic Zone (SEZ), the Global Education Center (GEC), and the Central Library.

The visit was concluded on a gracious note, with Dr. Aradhana extending a heartfelt vote of thanks to the Infosys team followed by a felicitation ceremony, during which a small token of gratitude was presented as a symbol of our deep appreciation for Infosys' for their warm hospitality and invaluable insights.

The campus visit to Infosys, undoubtedly, was an enriching and illuminating experience for ISME students. It not only granted them invaluable insights into the intricate workings of a technological giant but also exposed them to Infosys' wholehearted dedication to employee welfare and perpetual learning.

Thanks & Regards,
Dr. Aradhna Yadav
