Sl. No.	Name of the Programme/Activity	Description of the Programme/Activity	Impact	Pics

1.	Blood Donation Camp	The institution organized a blood donation activity in partnership with the Red Cross Society. Amongst the students, the faculty and the staff of the institution, 60 donors participated and donated blood.	Our students replenished 52 bottles of blood to Indian Red Cross Society. By doing this we have sensitized students to the noble cause of donating blood and saving lives.	 
2.	Donation of provisions to an old age home - Sri Chaithany a Old Age Home	The students identified the needs of the old age home and ran a drive in the institution for collection of those provisions. All the members of the institute went all out to contribute and help the needy as much as possible. The campaign was named as "Fistful of rice"	Social inclusion and care for the aged. It brought a lot of smiles on the 90 inmates of the old aged home.	

3. Awareness posters for the premises of Institution  
The students designed creative posters to create awareness about saving the valuable resources of the college ecosystem – Electricity, water, and food.  
Inculcate the habit of conservation of resources among students.

4.	Classroom sessions for government school students	In partnership with the NGO Anahata United Efforts, ISME students volunteered to visit a govt. school and mentored the students of grade VII and grade VIII under the guidance of professionals from Anahata United Efforts.	Increasing awareness of opportunities for young students to pursue career after 10 <sup>th</sup> and 12 <sup>th</sup> .	
5.	Plantation drive	In partnership with the NGO, Voice of Sarjapur, the students of ISME did a plantation drive on a 2 km divider stretch of Sarjapur road	Environmental conservation and increasing green cover.	
6.	Waste segregation awareness	Students visited two villages in the vicinity – Chembanahalli and Yamare for spreading awareness about waste segregation. They addressed the villagers about the ways of waste segregation.	Improving waste management techniques, separating bio degradable waste and conservation of environment.	
7	COVID Awareness	Students made video on precautionary measures and protocols to be followed for prevention of COVID	Increased use of Masks and Sanitizers.	<p><b>Link for Video:</b>  <a href="#">International School of Management Excellence on LinkedIn: Together we rise against Covid-19 - Safety campaign promoted by International</a></p>
