### Event Report

This week Friday(19/11/21) the CSR Club UG worked alongside CSR Club PG in collaboration with Rotary TTK Blood Bank and organized a successful Blood Donation Drive.

We made posters, stuck them all around the ISME campus, and read the guidelines in all the classes. We went and personally invited all the teaching and non-teaching faculty and the staff members to donate blood.

We got over 100 registrations who were interested to donate blood and 66 people who eventually did donate. Many more were interested to donate but could not due to the low hemoglobin levels. From this fact we can observe that most of the students are hemoglobin deficient and an awareness is required about the same.

We saw many students donating blood and happily coming out of the camp. However, there were some people who felt dizzy and few of them even fall but none of it could keep the other participants from donating.

The volunteers from UG Club did a great job by providing on ground assistance to the Rotray Club members as well as the PG coordinator
