Communication Skill Enhancement Program

Communication skills are vital for government students as they play a crucial role in effective governance, policy-making, public relations, and interdepartmental coordination. Strong communication skills are essential for effective negotiation and conflict resolution. The Students of ISME who are part of the CSR club have decided to engage with the lower-primary students of the government school, Sulikunte to enhance their communication skills. This included storytelling to them, and having conversations with them in different languages. Apart from this, Verbal and Non-Verbal communication was introduced to the children.

The students of the Government School, Katriguppe were very excited and learnt about communication skills and helped them in choosing the right career path.

Communication Skills Enhancement Program at Government Primary School at Kathriguppe organised by UG CSR Students
