Academic and Administrative Audit Report 2020-21
Submitted by Academic Audit Committee

ISME stands as a beacon of excellence in the realm of business education, prioritizing student welfare, global perspectives, entrepreneurial ethos, and industry alignment. Since its inception in 2006, by visionary alumni from prestigious institutions including Carnegie Mellon University, Purdue University, and Wharton Business School, USA, ISME has cultivated a faculty team enriched with diverse international expertise and nurtured a robust global alumni network. With a proud alumni base of over 1900 professionals, many now occupying leadership roles in multinational corporations worldwide, ISME has firmly established itself as a catalyst for professional success. Operating under the umbrella of The NVT Group, a dynamic conglomerate with diversified interests spanning technology, defense, education, and real estate, ISME continues to make significant contributions to various sectors. Recently, the Academic Audit Committee undertook a comprehensive evaluation of ISME's academic landscape, scrutinizing faculty dynamics, curriculum evolution, technology integration, student progression, and the efficacy of support mechanisms. The outcomes of this evaluation have been nothing short of inspiring, revealing substantial qualitative advancements across all evaluated facets, affirming ISME's unwavering commitment to academic excellence and innovation.

A. Infrastructure

Observations

- **Ample Classroom Space:** ISME College boasts spacious and well-equipped classrooms, providing a conducive environment for learning and interaction.
- **Auditorium and Seminar Hall:** The presence of an auditorium and fully furnished, air-conditioned seminar hall facilitates various academic and extracurricular activities such as seminars, conferences, and cultural events.
- **Supporting Facilities:** Additional facilities including a library, media room, conference room, pantry, and examination hall contribute to the holistic educational experience at ISME.
- **Technology Integration:** The institution has embraced technology with facilities like computer labs and the use of Learning Management Systems (LMS) for teaching and learning processes.
- **Accessibility Features:** Infrastructure is designed to be inclusive, with provisions such as ramps and lifts ensuring easy movement and accessibility for differently-abled individuals.

- **Well-maintained Spaces:** The ventilated and well-lit rooms create a comfortable and conducive environment for both students and faculty members.
-

Recommendations

- **Expansion of Library Resources:** Consider increasing the variety and quantity of books, journals, and digital resources available in the library to support diverse academic needs and research interests.
- **Upgrading Technology Infrastructure:** Continuously invest in updating computer labs and technological resources to ensure they remain up-to-date and relevant for educational purposes.
- **Accessibility Improvements:** Conduct regular audits to identify and address any accessibility

B. Teaching-Learning Process

Observations

- **Engaging Pedagogical Methods:** Faculty members at ISME employ a variety of interactive and engaging teaching methods, including case studies, group discussions, and experiential learning activities, to foster student engagement and critical thinking skills.
- **Use of Technology:** The integration of technology, such as Learning Management Systems (LMS) and multimedia presentations, enhances the teaching-learning process, providing students with access to a wide range of resources and interactive learning materials.
- **Student-Centric Approach:** The teaching-learning process at ISME emphasizes a student-centric approach, with faculty members actively encouraging student participation, feedback, and collaboration in classroom activities and discussions.

Recommendations

- **Engaging Pedagogical Methods** into the curriculum.
- **Use of Technology:** The integration of technology, such as Learning Management Systems (LMS) and multimedia presentations, enhances the teaching-learning process, providing students with access to a wide range of resources and interactive learning materials.
- **Student-Centric Approach:** Emprise student centric approaches like experiential learning participative learning and problem solving into curriculum.
-

C. Research

Observations

- **Faculty Engagement:** Faculty members at ISME demonstrate active engagement in research activities, contributing to the advancement of knowledge in their respective fields.
- **Publication Output:** There is a notable publication output from faculty members, with research findings being disseminated through scholarly journals and conference proceedings.
- **Interdisciplinary Collaboration:** There is evidence of interdisciplinary collaboration among faculty members, fostering cross-disciplinary research initiatives and innovation.
- **Research Funding:** Faculty members have secured research funding from various sources, supporting the execution of research projects and initiatives.

Recommendations

- Facilitate access to research funding opportunities through dedicated support offices.
- Encourage interdisciplinary collaboration with industry and other academic institutions.
- Provide training programs on research methodologies and publication strategies.
- Implement incentive programs to reward research contributions.
- Invest in state-of-the-art research facilities and resources.

D. Student Support and Progression

Observations

- **Comprehensive Support:** ISME offers a range of support services, including academic guidance, counseling, and tutoring, to assist students in overcoming challenges and achieving success.
- **Career Development:** The institution provides resources for career exploration, job placement, and networking, empowering students to pursue their professional aspirations.
- **Extracurricular Engagement:** ISME encourages student involvement in clubs, societies, and community service projects, promoting personal growth and community connection.
- **Progress Tracking:** ISME monitors student progress and academic performance through assessments and progress reports, identifying areas for improvement and providing targeted support.

Recommendations

- **Expand Support Services:** ISME could consider expanding its range of support services to cater to a wider spectrum of student needs, such as mental health counseling, academic workshops, and peer mentoring programs.

- **Strengthen Career Development Resources:** The institution could enhance its career development resources by providing more opportunities for industry networking, professional skill-building workshops, and access to Internship opportunities.
- **Promote Extracurricular Opportunities:** ISME might encourage greater participation in extracurricular activities by organizing more diverse events, promoting existing clubs and societies, and incentivizing student leadership roles.
- **Implement Progress Tracking Systems:** ISME could implement more robust progress tracking systems to provide students with timely feedback on their academic performance and offer tailored support interventions when necessary.
