Event Report

Trees symbolize life, growth, and harmony with nature. They are crucial in producing oxygen, maintaining soil health, preventing droughts, controlling floods, and reducing carbon footprints. Recognizing their importance, All students were informed about the campaign via email, encouraging them to participate in tree planting.

On 9th August 2019, a tree plantation drive was organized near the college premises in Chembenahalli Bangalore. The NGO called Voice of Sarjapura supported the initiative by providing Free saplings and our CSR Club Students pledged to care for their saplings, ensuring their healthy growth.

The collaborative efforts of students, faculty, staff, and the Voice of Sarjapura group fostered environmental consciousness and community involvement. Let us continue to love and care for trees, ensuring their well-being year after year.

Event Report

On 27th September 2019, the Corporate Social Responsibility (CSR) Club of ISME College conducted a comprehensive survey in the village of Chembenhalli. This initiative aimed to understand the villagers' socio-economic conditions, educational status, health facilities, and overall quality of life. The survey was part of the club's broader mission to foster sustainable development and community engagement.

The survey was conducted over one week. A team of 20 students, divided into five groups, visited different village sections. They employed a mixed-method approach, using both structured questionnaires and informal interviews to gather data. The focus areas included demographics, education, health, employment, and infrastructure.

The survey provided valuable insights into the living conditions of Chembenhalli village. The CSR Club of ISME College is committed to addressing the identified issues and contributing to the village's development through targeted interventions and continued engagement. This initiative benefits the villagers and enriches the student's understanding of social responsibility and community service.
